

Speed meets power:

A bus picks you up at the hotel and takes you to the nearby airfield. During the trip but also throughout the entire day, an experienced hostess accompanies you and answers any questions that you might have.

The helicopters will already be waiting for you when you arrive at the airfield. After a briefing by the experienced pilots, you'll lift off to a unique flight over Berlin. A trip by helicopter guarantees a very special kind of event! Starting up vertically, hovering up in the air, and the breathtaking view over the city make this kind of flying absolutely unforgettable.

The destination is an off-road terrain near Berlin.

Our "Yellow Hummers" will already be waiting for you there, and with them your next adventure. Drinks and canapés will be served on the off-road terrain as a little welcome.

Originally developed for the US military, hummers offer a felicitous combination of luxurious interior equipment and great driving fun. Our trained staff will give you all the necessary details on the activities and the sequence of events. After that you can put your skills to the test and prove you team spirit.

Once you've managed to fight your way through the off-road terrain and completed a number of tasks in the course of it, our caterer will be waiting for you with a rustic but supreme BBQ – your well-deserved refreshment. There'll be time to relax and cap the evening around the campfire.

Later on, our pilots will take you back safely to Berlin. And from the airfield, there'll be a bus transfer back to the hotel.

Your day in Berlin could look like this too! We will gladly meet your needs and compile a personal incentive programme for you. Please contact corinna.wesenberg@pcma.de.
